

# Why your school should use the Student Management Tool

Spend less time managing students.  
Packed with features, fast and easy to use.

## Easy Management of Student Incidents, Wellbeing and Learning

- An intuitive application to manage and track ALL aspects of student wellbeing, disciplinary actions and outcomes - including welfare, misbehaviour, detentions, exclusions, general notes, harassment/bullying, suspensions, homework, uniform infringements, uncompleted work and much, much more.
- Keep detailed records of counselling visitations, student and parent meetings and learning support programs
- It's simple and easy to use, yet packed with powerful features to help you simplify and streamline your day-to-day tasks.
- Generate complete incident and welfare reports with a large number of filtering options to analysis your data.
- Mark items for follow-up (with calendar reminders), print pre-formatted letters and send SMS' to parents.
- Keep everyone informed and up-to-date with automated emails to staff when new information is entered.

## Everything in One Centralised Location

Empower your staff by providing them to a centralised point of communication, analysis and management all of your data (student & staff information, contact details, attendance, wellbeing, incidents and reporting) from one web-based location at your school.

No more time-consuming hassles going back and forth through three or four different applications. All the relevant information you need is right at your fingertips.

Best of all - it's web-based. Access it anytime and from any location - school or home, from a Windows, Mac, iPhone or iPad.

## Tight Integration.

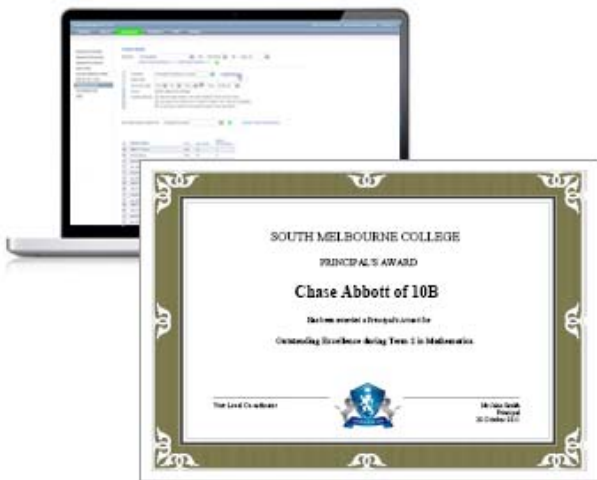

### Live Data and Automatic Imports

- All student, staff, attendance and timetabling data is automatically imported from your existing programs.
- Experience the tight integration with your administration software, live timetabling, attendance and reporting feeds from Human Edge First Class A+, Reporter Pro; and Loop Software's DayMap.
- All student and staff records, contact details and alerts are always up-to-date and imported from your school administration system (e.g. CASES) using a completely automated process.

#### Integrates with

Human Edge First Class & A+	✓
Human Edge Reporter Pro	✓
Human Edge SAS	✓
Loop Software DayMap	✓
Accelerus Markbook, QuickVic	✓
CASES 21, eCASES	✓

## Create Awards in under 10 mins!

Nominate students for awards, then tick and print your awards in under 10 minutes. Press another button to generate all of your award night invitation letters - addressed and filled out ready to mail!

It really is that easy!

Easily design professional award and letter templates within the Student Management Tool to reflect your school's identity.

## Comprehensive Assessment Data

Imagine being able to instantly identify which students have improved the most, the least and the top achievers. And then effortlessly graph these results or use them to print awards.

Quickly calculate grade point and behaviour averages from live student report data, compare reporting periods, or analysis NAPLAN, VELS and On Demand assessment data. Customise and add your own assessment items that can then be used for data analysis and graphing.

And that's only the beginning... the Student Management Tool opens a whole new world of data analysis!

2010.1 VELS ENCWRI	2010.2 VELS ENCREA	2010.2 VELS ENCSP	2010.2 VELS ENCWRI	2011.1 VELS ENCREA	2011.1 VELS ENCSP	2011.1 VELS ENCWRI

5.00	5.50	5.25	5.50	5.50	5.50	5.50
5.25	5.25	5.50	5.50	5.50	5.50	5.50
4.75	5.00	5.25	5.00	5.00	5.00	5.00
5.00	5.50	5.50	5.50	5.50	5.50	5.50

## Career Plans

Design and create career plans as well as learning and behaviour plans. With an unlimited amount of filtering options you could choose to show all students who want to pursue university or a particular career. The choice is yours.

Allow students to login and have an entire class fill out their career plans online and at the same time.

## Homework & Parents

Assign homework to students and attach work to be completed. You can easily track which students have completed their homework.

The new parent module allows students and their parents to view homework, their attendance, academic reports and more.

## Regular Updates

The Student Management Tool is a dynamic product and exciting new features are added each month.

The development and addition of features is based on what schools request – ensuring that you receive software that works with your school!

## Customisation. Easy-to-use

- Completely customise every aspect of the software — letters, incidents types and reasons, detentions, suspensions and all other items.
- Automatically generate pre-formatted letters to parents and the DEECD Suspension Proforma
- Easy one-click solution to mark detentions as completed
- Identify problems, areas for improvement and areas of success by generating comprehensive reports, statistical graphs and incident reports/rolls (e.g. detention rolls). Each has a large number of filtering options.
- Student history is permanently stored in the database even after the student has left school – allowing for easy reference of all previous information.

Mr M & Mrs K Adams  
10 Imaginary Court  
MPL ROLIRNF VIC 3000

Dear Mr M & Mrs K Adams,

Your son Johnathan Adams of form 8U will be detained for the following days:

28-JAN-2010  
29-JAN-2010

from \_\_\_\_\_ in room \_\_\_\_\_

The reasons for this detention are:

- Consistently not bringing proper equipment to class
- Consistently not completing set class work.

This form must be signed and returned with your child to the detention class.  
For any queries please contact the undersigned at Glenroy College on 03 8876 0432.

Staff Contact: Joyce Hunt

I have been informed of the detention and am aware that my son/daughter will possibly be home later than usual.

PARENT / GUARDIAN SIGNATURE: \_\_\_\_\_

## Secure. Web-based. Access it Anywhere, Anytime

- The Student Management Tool integrates with your Active Directory or Open LDAP server so you can use your existing network accounts to login.
- Schools can decide which levels of access are appropriate for each staff member, implement granular permission control – including read only, read and modify, or restrict access to all tabs, menu items, incidents, reports, assessment data and more.
- No software to install on client computers. Web-based so you can use it from a Windows PC, Apple Mac, iPad or iPhone, anywhere and at anytime!
- The software and all data is hosted at your school to ensure that all sensitive information stays onsite.
